The ultimate complementary equine healthcare solution

"We introduced the REGUMARE product when all ovulate products were banned in Australia as a natural substitute with great results. It helps keep our fillies and mares more relaxed close to racing. Horses like Fortunate Kiss are on it daily."

DANIEL BOWMAN (DJ BOWMAN RACING)

REGUMARE: All about the hormones! **HIGH POTENCY CHASTE BERRY, SCHIZANDRA AND CALIFORNIAN POPPY** for cranky, moody mares and fire breathing dragons! Professionally formulated for everyday use or just when your mare is in season. Helps settle marish behaviours, sensitivity to being groomed or tacked-up and helps with mood and focus for more consistent performance. Supports healthy hormone function for your mares cycle and reproductive health. **ADDED BONUS:** Hormone free and totally safe to handle and just a wee heads up – it is also great for difficult colts and geldings!
